NJORD Estonia: NJORD Estonia is taking part in the Garage48 Cyber Security Online Hackathon 2020

NJORD Advokaadibüroo is taking part in the Garage48 Cyber Security Online Hackathon 2020, which is taking place from the 23rd to the 25th of October.

The Cyber Security Hackathon is organized by Garage48 and Startup Estonia together with the Institute of Computer Science of the University of Tartu and the main aim of the Cyber Security Online Hackathon 2020 is to showcase and strengthen the Estonian image as a strong, bold, and connected cybersecurity country. The main task of the hackathon is to find solutions and technical tools that are dealing with kids' safety online addressing cyberbullying and making the passive bystanders intervene and support the victims, to find technical tools and solutions that will help to tackle the spread of false information and manipulation with information and help small and medium enterprises assess their security posture, make cybersecurity practices easier to understand and to implement for SME's with no specialized cybersecurity personnel.

NJORD is giving away a special prize – acceptance to the NJORD Lab program, worth 1500 euros, to the most complex and interesting legal puzzle, and our CEO Silja Elunurm, is mentoring the event!

NJORD LAB is the program that works with selected start-ups in the technology sector to support their growth. It is a Legal R&D center for innovative technology start-ups. Our team will pick the most interesting puzzles as business models and will analyze what could be the hurdles, hindrances, and obstacles for the business model to be a success. NJORD Lab`s main focus areas are:

· Data management and big data

· MedTech, HealthTech, Health data management

· Cyber Security (Data, Compliance)

· Artificial intelligence

· Mixed, virtual, and augmented realities

· Space and drone technologies

· Blockchain and distributed ledger technology

Our specialists will help start-ups to set the legal matters under control during all the start-up development phases!
