

Quarterly Update October 2019

Every week NJORD Law Firm's Maritime and Transport Law Team publish short relevant news about Danish Maritime and Transport Law. This quarterly update summarises the key legal decisions and trends for the transport industry in the third quarter of 2019.

Read for example about INCOTERMS 2020 that were recently published or get an update on the mobility package. You can also read about two cases where the liable contracting carriers are dismissed because the counterparty cannot prove the loss sufficiently. Watch NJORD's 3.0 NewTech video about who is liable if your robot lawnmower has cut off the neighbour's foot.
